

# How to acknowledge UniDive

To help us increase the visibility and impact of UniDive, we encourage you to appropriately acknowledge the Action in your publications, presentations, projects, resources, etc. To make this easier for you, here are some elements to use.

## How to acknowledge UniDive in a publication

If you **publish** work that has benefited from UniDive, directly or indirectly, via

- grants (travel or STSM grant, ITC or YRI conference grant, training school grant, etc.)
- contacts established in the network
- inspiration from the tasks, meetings or trainings, etc.

please, do not forget to appropriately acknowledge UniDive in your publication. We propose the following formulation to be included the acknowledgments section of your paper:

***This work received support from the CA21167 COST action UniDive, funded by COST (European Cooperation in Science and Technology).***

Please, also report the publication to the UniDive chair for inclusion in the [list of publications](#).

## How to acknowledge UniDive in a presentation or a poster

If you present your work which benefited from UniDive with a poster or slides, we recommend to use the following visual identity:

- [UniDive logo](#)
- [COST and Horizon Europe visual identity](#)

## How to acknowledge UniDive in an event

If you are organising an event that receives financial (or other) support from UniDive, it is compulsory to acknowledge this fact, following COST rules:

- insert the [UniDive logo](#) and the link to the UniDive website (<https://unidive.lisn.upsaclay.fr/>) to the webpage of the event
- use the [COST and Horizon Europe visual identity](#)
- use the 3 logos (UniDive, COST and EU) in your proceedings or any other communication and dissemination products
- make sure that authors/presenters/participants funded by UniDive acknowledge this fact as advised above
