

UniDive - How to join us

My professional interests are relevant to universality, diversity and idiosyncrasy in language and language technology. I have heard about UniDive. How can I join the Action?

The principle of any COST action is to be open to new members. Here is the lightweight admission procedure:

- Check if your country is an [official member of UniDive](#).
- If your country is **not** an official member, contact your [COST National Coordinator](#). They will be in charge of signing the action's Memorandum of Understanding on behalf of your country. You may become its official representative at the Management Committee. In this case:
 - You should **validate the MC nomination** on your e-cost account (by following the link sent by e-cost).
 - The action's chair will organize an **MC vote** to validate your MC membership; you will be informed about its outcome
- If your country already **is** an official member, read the scientific program of the action (see the [Memorandum of Understanding](#), pp. 18-20). Choose one or more Working Groups which you would like to participate in.
- Fill in the [WG application](#). It will be examined by the UniDive [Core Group](#).
- If it is validated, your email will be added to the relevant UniDive [mailing lists](#).
