

UniDive mailing lists

Latest news: Paris-Saclay University, which hosts several services for UniDive, was a victim of a major cyber attack on 11 August 2024. Since then, the UniDive mailing lists are not operational. The services are being progressively restored but we do not yet know how long it will take. In the meantime, if you need to contact Agata Savary, the chair of the action, please write to agata.savary.work@gmail.com

UniDive members communicate via several mailing lists. The domain of all lists is lism.upsaclay.fr. The **subscription** to these lists is handled by the Core Group upon the admission of a new MC or WG member. Subscription can be personally cancelled and **archives** can be accessed on the webpage of each list. The lists have the following composition:

- [unidive-all](#) - WG and MC members (see [archives](#))
- [unidive-mc](#) - MC members (see [archives](#))
- [unidive-core](#) - Core Group members (see [archives](#))
- [unidive-ext-core](#) - Extended Core Group members (see [archives](#))
- [unidive-wg1](#) - Working Group 1 members (see [archives](#))
- [unidive-wg2](#) - Working Group 2 members (see [archives](#))
- [unidive-wg3](#) - Working Group 3 members (see [archives](#))
- [unidive-wg3-core](#) - Working Group 3 core group (see [archives](#))
- [unidive-wg4](#) - Working Group 4 members (see [archives](#))

The email addresses included in these lists are those used by the UniDive members in their [e-cost](#) profiles.

The administrator of most of the lists is the UniDive Science Communication Coordinator, **Olesea Caftanator** (see all contacts at the [official COST page](#)). The administrators of the [unidive-wg3-core](#) list are the [WG3](#) co-leaders.

Policy for using UniDive mailing lists

The UniDive mailing lists are **not moderated**, i.e. all their members can post announcements (provided that they use their e-cost email addresses) and these are not manually filtered.

All members are therefore requested to be **careful about the contents** they are posting. Please, always keep in mind that these lists, especially [unidive-all](#) and [unidive-wg*](#), contain more than **300 email addresses** in total.

The Core Group recommends the following **policy** for the UniDive mailing lists:

- Publish only the announcements (about events, jobs, publications, etc.) **directly related** to the Action.
- This relationship should be clear **from the announcement**.
- Examples of relevant activities to be announced include the following:
 - The announcement serves the realization of the **Work and Budget Plan** of UniDive
 - The activity directly addresses the **main challenge** - reconciling language diversity with rapid progress in language technology
 - The Action's **keywords** are relevant: universality, diversity, and/or idiosyncrasy
- Do not use unidive-all if unidive-wg* or another **smaller list** is sufficient.
- If you publish a content on unidive-all, **do not duplicate** it on any other list.

Thank you for your understanding!
