

Personal introductions at the 1st UniDive training school

Back to the [UniDive 1st training school page](#)

Day 1 of the UniDive Training School in Chişinău (Monday, the 8th of July) features a plenary session from 9h10 to 9h45 a.m. with personal introductions of each trainee. The objective is to achieve an ice-breaking effect by getting to know each other among the trainees and the trainers.

Please prepare your introduction in advance, as follows:

- your introduction should be no longer than **30 seconds** (bearing in mind that there might be upwards of 50 participants in the session); we'll set up an countdown device to help you control the duration of your introduction
- the four essential questions to answer are:
 - where do you come from?
 - what is your research topic?
 - what language(s) do you work on?
 - what do you expect from this training school?

Due to the tight schedule, **do not use slides** for your introduction. The introductions will take place in the order of the [list of the accepted projects](#).
