

UniDive 1st general meeting - instructions for abstract presenters

This page contains the instructions for the authors of the [selected abstracts](#) for the [UniDive's 1st general meeting](#).

The presentation of the posters will be threefold:

1. A **1-minute presentation** of each poster will be done in a dedicated plenary session (1 booster slide should be submitted in advance - see below).
2. Posters will be displayed on panels and classical **poster sessions** will allow for parallel discussions.
3. Posters and abstracts will be uploaded on the [event's webpage](#)

Posters should be of **A0 size portrait** and bear:

- name(s) of author(s),
- title,
- numbers of the relevant Working Groups (WG1, WG2, WG3, and/or WG4),
- glosses and/or translations to English of all examples from other languages.

Please, provide the following data:

- By **February 27**, 2023: the final version of your abstract (to be uploaded onto [Openreview](#)); don't forget to mention the Working Groups relevant to your submission
- By **March 13**, 2023: **1 slide** in .pdf format for a **1-minute** booster presentation and your **poster**, in .pdf format and in **A4** resolution, to be uploaded [here](#). A booster slide can be anything you want to display in a 1-minute presentation to attract participants to your poster proper.

The **file names** should contain the relevant WG numbers, the authors' names and the abstract|slides|poster extension, e.g.:

- WG3-SMITH-abstract.pdf
- WG2-WG4-SMITH-DOE-slide.pdf
- WG1-4-SMITH-DOE-ANDREWS-poster.pdf

Note that we will publish your posters on the even't page but we do not print them for your. Please, bring your poster printed (A0 portrait).
